

## **Parish Council Vacancy**

We need you!

As a very small village we have a government mechanism for managing certain resources and influencing district and county council decisions. The Parish Council. There is a budget of about £25,000 which all residents contribute to through their council tax. For some time we have been short of one representative.

Could that be you?

As well as the official councillor roles there are working groups which look at particular topics and present a plan to the council, so if you are only passionate about one specific aspect of village life you could be a help and influence in this one area. You might join a working group rather than be a councillor.

Parish Council meetings are public meetings so you could come and listen, 3<sup>rd</sup> Tuesday of every month at the Village hall, or peruse the minutes which are available on the village website, the notice boards and on the Bonsall Parish Council Information village Facebook page.

Interested? Talk to any councillor – contact details on the web site ([www.bonsallvillage.org](http://www.bonsallvillage.org)) or in T'Owd Man's Mutterings.
