20/08/5	<p>Public Speaking</p> <p>Dog waste bins: a member of the public reported that the waste bin on Church Street needed emptying; Cllr Purdy advised that this was a District Council responsibility.</p> <p>Church Street and Yeoman Street overgrowth: a member of the public reported cases of vegetation growth that could be a danger to traffic. Cllr Purdy advised that if on private land this was a householder responsibility, but if on the verge or protruding into the highway so as to cause an obstruction then the County Council could take action and it should be reported to them. The Parish Council would also look at these and report as necessary.</p> <p>Local Enterprise Partnership (LEP): Cllr Purdy explained that the District Council had been required to make a choice as to whether to join the Sheffield based partnership or the Nottingham Derby organisation, and had chosen the latter as they would release more funding for the Dales area. The District Council continued to have some representation on the Sheffield City Region Mayoral Combined Authority.</p> <p>Masson Ward Councillors: Cllr Purdy said that a Boundary Commission review had identified that the District Council had more Councillors than other comparable authorities, which might mean a reduction from two to one Councillors in Masson ward. It would eventually be a government decision.</p> <p>Quarry Liaison Group meeting: Cllr Pawley had attended the last meeting; the feedback from that group was that noise and dust problems associated with Slinger Quarry were improving. Where noise problems had occurred they were associated with works in the upper part of the quarry.</p> <p>Motocross track at former White Low Mine: Kath Potter reported on this on behalf of the Peak District National Park Authority. The owners had said that they would stop opening on Fridays but were not willing to reduce to the level of use that the PDNPA considered was consistent with the established use. The PDNPA were preparing a report on enforcement action, and Kath Potter recommended that the Parish Council should be represented at that meeting.</p> <p>Vehicle park working group: Leigh Johnson volunteered to join the group. The Chair thanked him for the offer.</p>
